EXPERIENCES

2021 - 2024

JR. WEB DEVELOPER
Boomer Inc.

- Design and develop responsive, modern, functional WordPress websites.
- Work from a content plan to take a website from concept to completion.
- Stay up to date with emerging technologies and trends and apply them to work.
- Create and set up WordPress staging sites via SiteGround hosting.
- Check and review staging sites to ensure accessibility, consistency, responsiveness and the contents are error-free before going live.

2024 - 2025

WORDPRESS WEB DESIGNER
Contractor Copilot

- Design WordPress sites using the Elementor Page Builder.
- Make sure the site aligns with the client's branding and needs.
- Input content to the WordPress site based on the given copy.
- Edit, design, and source stock photos, icons, and graphics on Canva.
- Implement the feedback given by the client throughout the site development.
- Follow SOPs set by the company on Notion for an efficient workflow.
- Create Elementor Templates for better site functionality.
- Check site responsiveness and grid alignment when the client approves the site.
- Make sure nothing is missed when the site is about to go live.
